Please label all samples clearly and courier samples overnight to:
DRL c/ Invermay Research Centre, 176 Puddle Alley, Mosgiel 9092

Notes

Please contact the lab if you need assistance sourcing any sample supplies 03 489 4832 or drl@drl.net.nz

Serum Samples:

- Blood (red or purple top tubes; min. 3ml – to the bottom of the label). Do not freeze.
- Label samples clearly, place EID tag labels OVER the blood tube label.
- While refrigeration is desirable it is not essential; please protect samples from extremes of heat or cold.

Milk Samples:

- Please use screw top plastic containers for milk samples. Min. 3ml per sample. Individual samples only.
- Please keep refrigerated and pack with ice packs in a chilly bin. Label samples clearly.

Individual Faecal PCR:

- Please use screw top plastic containers for dung. Min. 3g per sample, ideally 5-10g (1 tablespoon approx.)
- Use a fresh glove to collect each sample and avoid cross contamination of samples. Label samples clearly.

Pooled Faecal PCR (Pools of 10):

- If sample pooling is requested, send individual samples as we will carry out the pooling in the lab, that way we can easily retest individual samples from positive pools as required.
- If a pool is positive, we will contact you concerning your preference for individual sample re-testing.
- Please use screw top plastic containers for dung. Min. 3g per sample, ideally 5-10g (1 tablespoon approx.)
- Use a fresh glove to collect each sample and avoid cross contamination of samples.
- Dung samples freshly deposited on the ground are acceptable if they can be unambiguously linked to their originator and land on an otherwise clean surface.

*Urgent Sample Fee:

- Selecting Urgent will incur a fee of $75 per 100 samples, with a minimum charge of $75.
- Results will be provided the next business day, after arrival at the lab, or you will not be charged the fee.
- Maximum number of samples for an Urgent order is 400. Samples must arrive at the lab no later than 9am.

Terms and Conditions

Test Results:

- Test results will be provided in a timely manner through email. It is your responsibility to review the results. If you have any concerns or questions regarding the results, we encourage you to contact your animal health professional.
- We are not responsible for interpreting test results beyond the scope of our testing services unless explicitly agreed upon.

Liability:

- We make reasonable efforts to ensure the accuracy of our test results; however, we do not guarantee their absolute accuracy. We are not liable for any loss, harm, or damage arising from:
    - Delays in processing results.
    - Incorrect or incomplete information provided by the client.
    - Incorrect interpretation or use of test results.
- In no event will our liability exceed the amount you paid for the diagnostic test(s) provided.

Intellectual Property:

- DRL retains ownership of all information and intellectual property derived from the analysis of samples submitted. All intellectual property rights related to the laboratory's services, including trademarks, logos, and website content, are owned by Disease Research Limited or licensed to us. You agree not to infringe upon these rights.

Payment:

- All invoices are to be paid by the 20th of the month following (normal commercial practice). If any debt remains unpaid after 90 days, it will be referred to a collection agency. Collection costs will be incurred by the debtor.

Terms and Conditions Accepted ☐

Goat Testing Terms and Conditions:

- If you are requiring CAE testing for goats, please be aware that, due to limited demand for testing, DRL will ONLY be running CAE testing on the 15th and 30th day of each month.
- Samples that are in the lab by 9am on these days will be processed on the day. Your samples can arrive to the laboratory any day of the month and we will store them appropriately until the next testing day.
- If you require expedited service and need results outside of these days, you MUST submit the samples as URGENT and you will be charged the associated fee. Results can be expected within 5 business days of the testing day.

We appreciate your understanding; do you agree to continue? ☐
